Etc.

others :

Re-use of ID numbers

Yes

No

If yes please state rules for re-use

☒

Information on semen straws

YES. Imported bulls are registered with the same number reported on semen straws

National vs international ID

National ID is a little bit different from intern.one.

National → International

Breed Ident.

SIM

SIM

SIM

MON

Country ident.

IT

ITA

AT

AUT

DE

DEU

FR

FRA

Identity

the same for national bulls except for old bulls which Identities contained one blank. In this case identities Are right justified and blanks replaced with '0'.  
For imported bulls national identity is generally the Same reported on semen straws. International is that provided by ITB in 012 file

<sup>1)</sup> 3 character code

<sup>2)</sup> 12 character code
