

DESCRIPTION OF NATIONAL PUBLICATION POLICY

Country (or countries)	Czech Republic
Breed(s)	HOL, SIM
Address(es) of official web-site(s) of your country, where bulls receiving an official breeding value can be found	www.plemdat.cz
Number of updates per year of webpage with breeding values	6
Are minimum requirements (in e.g. reliability/number of daughters) the same for domestic and import bulls? –and if not, please specify the difference	Yes
Are there multiple lists for selected bulls and all bulls (e.g. incl. waiting bulls, bulls below requirements)?	Yes
If multiple lists – are all lists accessible on your web-site?	Yes
If multiple lists – what is the difference between the lists?	Various lists for individual traits as well as one overall list for all traits separately for HOL and SIM. Individual lists for young tested bulls.
If multiple lists – how many bulls are on the selected list?	Lists for all bulls. Lists for young tested bulls (born during last 7 years).
Do you publish Interbull breeding values?	Yes
Are Interbull proofs blended with domestic proofs?	No
If blending of international and national proofs – how is the blending done?	-
Are bulls on your web-site published according to a total merit index (TMI)?	All bulls with estimated breeding values are published. Bulls that meet requirements for TMI are published in individual list.
Minimum requirement for a bull for TMI to be put on the web-site	Requirements for bulls to be included in computation and publication of TMI: HOL: effective number of daughters for production and conformation at least 15, effective number of inseminations for fertility at least 50, at least 25 herds for somatic cells SIM: estimated breeding values for all traits included in TMI
Minimum requirement for a bull for production traits to be put on the web-site	1 daughter
Minimum requirement for a bull for conformation traits to be put on the web-site	1 daughter

Minimum requirement for a bull for udder health traits to be put on the web-site	1 daughter
Minimum requirement for a bull for longevity traits to be put on the web-site	-
Minimum requirement for a bull for calving traits to be put on the web-site	1 daughter
Minimum requirement for a bull for female fertility traits to be put on the web-site	1 insemination of daughter
